DANGERS OF A COLD

Norway People Will Do Well to Heed
Them.

Many bad cases of kidney trouble re-
sult from a cold or chill. Congested kid-
neys fall behind in filtering the poison-
laden blood and backache, headache, diz-
ziness and disordered kidney action fol-
low. Don't neglect a cold. Use Doan's
Kidney Pills at the first sign of kidney
trouble. Follow this Norway resident's
example:

Wm. O. Needham, retired farmer, Main
St., says: "At different times when I
have taken cold, my kidneys have become
affected. Several years ago when I felt
that my kidneys needed attention, I got
Doan's Kidney Pills from F. P. Stone's
Drug Store. They strengthened my kid-
neys, ridding my system of the excess
uric acid and in a short time I felt much
better."

Eight years later, Mr. Needham said:
"I still gladly endorse Doan's Kidney
Pills. My confidence in them is as strong
as ever. I occasionally use Doan's when
I feel in need of them and always get
fine results."

Price 60c, at all dealers. Don't simply
ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mr. Need-
ham had. Foster-Milburn Co., Mfrs., Buf-
falo, N. Y.

LAST FREE SEED DISTRIBUTION

The Advertiser has many packages of
garden seeds sent to us by Senator Fer-
nald. They are for free distribution and
can be had by calling at this office.
These are probably the last Government
seeds which will ever be given away, as
it is understood that the appropriation
for this purpose will be dropped. The
new commissioner of agriculture urges
the abolition of this custom and Con-
gress is said to be listening to him. The
country as a whole regards it as graft
on the part of the seed men, and with-
out doubt the millions spent in this way
can be used to better advantage.

As long as the supply lasts we will
them out to all who call or send.
Order promptly and make sure of getting
some.

Some remedies for the high cost of liv-
ing. Worthy Chaplain W. K. Hamlin
opened the subject. The Worthy Chap-

have recently presented Bear Mt. Grange

CASCO

George W. Lombard of Casco passed
away at his home Sunday afternoon,
Feb. 29, 1920. He had been in ill
health for several years and at last suc-
cumbed to a severe attack of pneumonia.
He was born Feb. 4, 1850 and always
lived in Casco with the exception of a
few years spent in Massachusetts. He
died at his birthplace where his father,
John Lombard of Raymond and his
mother, Hannah (Fickett) Lombard of
Casco lived for many years. His only
brother died when young. His home life
was enlivened by three cousins living with
his parents, Albert Lombard now a law-
yer in Grand Rapids, Michigan, Frank
Lombard, a druggist in Cambridge,
Mass., and Fred Lombard, a farmer in
South Freeport. His lovable disposition
and pleasing manner together with his
thoughtfulness of others, won for him a
host of friends who attended the funeral
service at his residence, March 3rd at
two o'clock p. m.

Rev. Samuel Brown of Raymond offici-
ated taking for his text Jeremiah XVII
10, "To give every man according to the
fruit of his doings." The music con-
sisted of two duets, one by Mrs. E.
Wilson Baker and Mrs. Grace Gay of
Casco and the closing duet by Mr. and
Mrs. Samuel Brown. A large atten-
dant viewed the remarkably young look-
ing face of the deceased who lay in a light
gray casket decorated with pink and
white carnations and said, "He had the
same smiling face that greeted us in
life." He leaves behind a wife, Mrs.
Lombard of Casco, two daughters,
Mrs. Lotie McKean of Skiddeau and
Mrs. Minnie Curran of Bangor, one
granddaughter, Marnie A. Strout of Cas-
co and two grandsons, Ralph G. Griffin
and Gerald L. Griffin.

Interment took place in Mountain View
cemetery, Casco, March 1, Leach, Fred
Tenney, John Brackett and Herbert Mc-
serve acted as bearers.

SWEDEN

We are with you on more after the
terrible blizzard of March 6, but we
don't want to see another sunny candle-
mass day if that is the cause of such
weather.

Lots of the loggers have had to quit
on account of the water coming up on
top of the snow.

Lyman Plummer and wife got snow
bound over in Sweden at their camp,
"Lymacarric" at the mineral spring
pasture and were unable to get home
until Tuesday, March 9. Just before the
storm he told of seeing a track in the
snow near the camp and thought it
might be a hedgehog, but he followed
the track and found where he went into
a hole and he called it a woodchuck.
If they can stand this winter they are
all right to start for the north pole most
any time.

James Buswell finished work for Eu-
field Plummer and Wendell carried him
to No. 4 Lovell, March 10.

Geo. Davis took dinner with E. S.
Plummer on March 10. George carries the
scholar to the valley school. He has
been poorly this winter, but thinks now
he is improving some. It is rather hard
for George to get around as he is quite
lame and is very fleshy, weighing 325
pounds. He lives alone on the home
place on Ingalls hill.

ter of Lovell were at W. E. Benson's,

School began again Monday.

Archie Hurd is to direct a choir of
twenty voices Easter at Trinity church,
Bridgeport, Mass., and receives five dol-
lars a rehearsal. At least one rehearsal
a week from now until Easter. This
does not interfere with his services as
organist at First Parish Unitarian, West
Bridgeport.

R. L. Thompson and Johnnie Seavey
are at home from their logging in Swe-
den.

tian woman. She leaves one brother,
Orrington Stone and three nephews and
one niece and a number of cousins to
mourn their loss.

Facts for Sick Women

Reliable Information

All American women know of the great success of
Lydia E. Pinkham's Vegetable Compound in restor-
ing to health women who suffered from ailments pec-
uliar to their sex, yet there are some who are skeptical
and do not realize that all that is claimed for it is
absolutely true—if they did, our laboratory would not
be half large enough to supply the demand, though
today it is the largest in the country used for the
manufacture of one particular medicine.

The Facts contained in the following two letters should
prove of benefit to many women:

Buffalo, N. Y.—"I suffered with
organic inflammation and displace-
ment. When lifting I had such pain
and bearing down that I was not
able to stand up, and it hurt me to
walk or go up or down stairs. I was
going to a doctor without any re-
sults and he said the safest thing
would be to have an operation. I
met a lady who told me she had
three operations and was not well
until she took Lydia E. Pinkham's
Vegetable Compound.

I felt relieved after taking two bottles
of Vegetable Compound and I kept
on with it until I was cured. I al-
ways use Lydia E. Pinkham's Liver
Pills and they are fine. Everything
used to turn sour on my stomach and
the Liver Pills relieved that."—Mrs.
A. ROBERTS, 533 Fargo Avenue,
Buffalo, N. Y.

Sacramento, Calif.—"I had or-
ganic trouble and had such terrible
pain and swelling in the lower part
of my side that I could not stand on
my feet or even let the bed clothes
touch my side. I gave up my work
thinking I would not be able to go
back for months. My mother ad-
vised me to take Lydia E. Pinkham's
Vegetable Compound as it had saved
her life at one time, and it put me
in a wonderful condition in a couple
of weeks, so I can keep on working.
I work in a department store and
have to stand on my feet all day and
I do not have any more pains. I
surely recommend your Vegetable
Compound to all my friends and you
may use these facts as a testimen-
ial."—BERTHA J. PARKER, 3320 M
St., Sacramento, Calif.

The Velvet tin

IF ever men are "Tom" and "Bill" to each other,
it's when good pipes are a-going. If ever good
pipes go their best, 'tis when Velvet's in the
bowl.

For Velvet is a mighty friendly smoke.
Kentucky Burley is the leaf that Nature made
for pipes. Wholesome and hearty, honest as
the day. And Velvet is that same good Burley leaf,
brought to mellow middle age.

For eight long seasons Velvet "meditates" in
wooden hogsheads, throwing off the rawness of
"young" tobacco—truly "ageing in the wood." Out
Velvet comes—cool, calm and generous—the tobacco
Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good
tobacco, not "put on" like "frosting" on a cake. Its
mildness comes from natural ageing, not from having
the life baked out. Its fragrance is true tobacco fra-
grance, not a perfume. And Velvet makes an A
Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Sure relief

The sufferer from indigestion, dyspepsia, and biliousness, needs no
warning to avoid the many worthless, so-called "cures" that are offered,
often containing harmful drugs. In vain, these various preparations have
been tried, frequently leaving the system weaker than before.
The true "L. F." Atwood's Medicine brings quick relief
without the risk of injurious after-effects. Instead of a
temporary improvement, at the expense of weakening some
vital organ, it helps the entire digestive apparatus, tones the
stomach, and establishes a general healthy condition. Taken
regularly, the physical improvement which will result, will
also overcome the fear of a new attack.
"L. F." can be given with perfect safety to every member
of the family. It has been a family health-restorer for 60
years; its friends are steadfast. You can buy a large bottle
(60 teaspoonful doses) from your druggist for 50 cents.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running, sound or imperfect hearing, and when it is inflamed the hearing is reduced and the tube restored to its normal condition, hearing will be restored forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Druggists, etc.

Working for a Church Home

Richard Jacobson sends us the following: "The Congregational Church of Waterford, Otisfield and Harrison, who have held their services around at the houses, are trying to raise money to build a church to be situated on the Bolster's Mills road near Emil Pulkkinen's."

To start the fund, each contributed five dollars. A committee was appointed to purchase cloth with this money and the ladies made it into clothing.

On Feb. 29 there was a service at Matilda Pulkkinen's and each carried food and they served a dinner at 30c each from which they realized fifteen dollars.

On March 12, they held a sale at Remie Komulainen's at Paris and sold the clothes at auction, that they had made, leaving \$131, and they hope to have another sale in the near future.

EAST SWEDEN.

Whole Family Gassed
You do not have to get France to get gassed. J. E. Flint has his house lighted by electric light storage batteries which are charged by a gasoline engine in the cellar, which when started will run until the batteries are charged then shuts off automatically.

One night last week Mr. Flint started the engine and things were working right as far as he could see, but after the two little girls were in bed upstairs Mrs. Flint began to have a headache and feeling bad thought she would go to bed; on arriving upstairs found the little girls acting strange. About this time Mr. Flint was having a headache and feeling badly. It took quite a while to bring the youngest girl too, she being gassed more than either of the others.

KEZAR FALLS

W. A. Garner, Sidney B. Stanley and George Pierce have each lost a work horse recently. The horses would appear to suffer from colic and failing to respond to treatment after some hours of suffering. Doubts about their provender containing anything deleterious might easily be ascertained by sending samples of the feed to Augusta to be analyzed.

The snow is rapidly melting and the roads and streets are in bad condition. Many cellars are flooded and drains and culverts have become miniature rivers, the river shows signs of breaking up and people here about will feel very thankful if the snow goes off without taking bridges and dams along with it.

James Black

James Black, an esteemed resident of this town, who had been in failing health for some time with heart trouble, passed away March 12th at the home of his daughter, Dr. Laura Stickney of Saco, and was brought to Kezar Falls March 15. Known to Possess Unequaled Value In Spring Ailments

Are prominent ingredients of Hood's Sarsaparilla, in which they are so combined as to be most effective.

This great blood-purifying and strength-giving medicine is easily the leading proprietary medicine for the blood, stomach, liver and kidneys, which almost universally need attention in the spring. Thousands take it year after year with entire satisfaction for that tired feeling, that loss of appetite, that crumpling on the face or body, and that low or run-down condition of the system so common now. And they enthusiastically recommend it to others.

Begin taking it at once, three times a day after meals. It is pleasant to take and "makes food taste good."

If you need a laxative or cathartic, take Hood's Pills. You will find them gentle and thorough.

FORMER MAYOR

ENDORSES TANLAC

"You Will Hardly Know Me When We Meet Again; For I Am Getting Well," He Writes Friend.

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmingham, Ala., ex-State Examiner of Public Accounts of Alabama, and at one time editor of one of the South's greatest newspapers, The Birmingham Age-Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

"Birmingham, Ala., Feb. 2nd.
".....By the way, you will hardly know me when we meet again, because I am getting so well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors call it—really a disordered stomach with consequent constipation, pains in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep, and fainting spells. For weeks I could not sleep on my back.

"One week ago; upon recommendation of friends who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of those troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know I am not given to 'putting' mere experiments and am rather orthodox as to materia medica.

"I shall continue the treatment with perfect confidence in the final results."

Signed
"FRANK V. EVANS."

"Tanlac is sold in Norway by A. L. Clark Drug Co., and in West Paris by S. T. White."

OXFORD

Our expressman found himself 15 minutes late at the station with three passengers Sunday night.

Mrs. Gertrude Thayer came to Oxford, Sunday, called here by the death of her son-in-law, Alton Delano.

There is considerable sickness in the village.

The schoolchildren are selling tickets for an illustrated lecture on Maine to be given Friday night.

Alton I. Delano

Alton Irving Delano of Oxford passed away suddenly Sunday morning. Mr. Delano was the son of Mr. and Mrs. P. A. Delano of Oxford and was just past his 31st birthday. He had been employed by the Paris Mfg. Co. as storekeeper at Chrystal, N. H. He had been sick for a few days with the flu and pleurisy, but was brought home and lived but a few hours. He was a young man of fine christian character, highly esteemed by a large circle of friends. He was a graduate of Hebron Academy in 1912 and of Bates college in 1913. At the time of his death he was a teacher in the Ricker Institute at Houlton.

August 5th, 1914, Mr. Delano was united in marriage with Angelina Thayer, daughter of E. A. and Gertrude Thayer of South Paris and located in Whitehall, Mass., where he was a successful teacher in the high school of that town. After two years in Massachusetts he accepted a position as chemist at the Oxford Paper Co. at Rumford, but was obliged to resign after several months on account of lung trouble. He took a course of treatment at Hebron Sanatorium and was discharged as cured. He leaves a wife and young son besides his parents, a brother, Harry C. Delano and a half sister, Eliza Bovey, a half brother, Leonard Bovey died last November. He was an honored member of the Methodist Episcopal church of Oxford.

WHY BURDEN A FRIEND WITH THE CARE OF YOUR ESTATE?

Unquestionably it shows confidence in your friend's ability and integrity to name him as executor and trustee of your estate, but is it fair to place on him such a burden of responsibility? Can he afford, from the standpoint of his own personal interests, to accept such an appointment?

Why not consider the selection of an executor and trustee as a business matter, and appoint the Norway National Bank, which is empowered by United States Statute to undertake the duties of trusteeship?

If there is some special reason for having a friend serve, appoint him co-executor and co-trustee with the Bank, thus relieving him of most of the burden.

Anyway

A rolling stone gathers no moss, (this statement is frequently applied to a tramp), but it at least gets around and sees what's going on.

We will apply this statement to the average man. How is he going to know what is going on or which store to shop in until he has looked them all over? (Rolled Around.)—We are all capable of writing advertisements you know.

If we were you, we'd roll around—stop here and there and everywhere—compare the goods, material and price and the store that shovels us the best combination would get the contract, even though we might have a brother-in-law in the same line of business.

Look out for yourself this Spring—but don't overlook us.
